Night Depository Bank Of Pahokee

Customers of the Bank of Pahokee will now be able to make deposits at any hour of any day or night throughout the year, including Sundays and holidays. It was announced today by Rupert Mock, president of the bank.

This new achievement in security is the result of the installation of an ultramodern night deposit system, a product of the Mosler Safe Company of Hamilton, Ohio, the company which built the formidable vaults guarding the family's wealth at Fort Knox, Kentucky.

The Mosler Century - 77 Night Depository with dual entrance unit of the day and night deposit system, through which deposits are made, is located on the outside of the bank building, Mr. Mock, president, explained. The unit has been approved for security and carries the label of the Underwriters Laboratories, Inc.

The ingenious new envelope receiver has mechanical arrangement of baffles that completely seals off the chute through the entire deposit cycle. Envelope is actually pushed down chute as the door is closed, so depositor need not reopen and check. It is said to be as easy as mailing a letter. The new double-hopper bag receiver contains an internal rotary hopper which keeps the chute sealed off at all times. Ejector mechanism gives positive assurance that bag has been pushed (Continued on Page 8).

Gamot President Of Pahokee Lions

A. J. Gamot was elected president of the Pahokee Lions Club at the luncheon meeting held Tuesday, with the president, Kyle Scott, presiding.

Other officers elected were Dr. R. C. Lane, first vice-president; Chester Murs, second vice-president; Glenn Browner, third vice-president; James W. Vann, treasurer; R. J. Schroder, secretary; E. A. Jensen, director, group 1; and Harry Brooks Elarbee, tailtwister. There will be runoffs next Tuesday for the lion tamer and the director of group 2.

Miss Gale Sears was the guest of student member, Mike Watkins.

Rubin Low Bidder On US27 Contract

Rubin Construction Company of West Palm Beach was low bidder on 3.3 miles of constructing US27, between Bare Beach and, Lake Harbor at a figure of \$1,620,000.00, according to information from the State Road Department in Tallahassee.

SRD Member John Monohan of Fort Lauderdale said that the final link from Lake Harbor to South Bay in US27 work will be contracted soon after July 1, 1963.

Donald Crews To Receive BS Degree

Donald Crews, formerly of Pahokee, will receive his BS degree in civil engineering from the University of Florida at the graduation exercises being held, Saturday, Enroute to Gainesville, Mr. and Mrs. Donald Crews and her mother, Mrs. James Gamoldia, of Hallandale, will visit his grandparents, Mr. and Mrs. R. J. Crews in Pahokee, and Mr. and Mrs. H. L. Sears in Canal Point, today, (Friday). Mac Crews of Canal Point, Donald's brother, will accompany them to the graduation.

Public Hearing On Cane Crop Labor

The U. S. Department of Agriculture today announced a public hearing on fair prices for the 1963 Florida sugarcane crop and on whether the wage determination applicable to fieldworkers—which became effective October 26, 1962—should be continued or amended.

The hearing will be May 8 in the Auditorium, Palm Beach County Glades Office Building, Belle Glade, Fla., beginning at 10 a. m.

To qualify for payments under the Sugar Act of 1948, as amended, producers must pay all persons employed in producing, cultivating, or harvesting sugarcane wages not less than those determined fair and reasonable by the Secretary of Agriculture after public hearing and investigation.

Producers who process sugarcane grown by others must pay prices for it also determined fair and reasonable by the secretary.

To obtain best possible information, USDA requests that all interested persons appear at the hearing to present views and pertinent data. The Notice of Hearing is scheduled for publication in the April 20 Federal Register.

Mary Anderson Is Fine Arts Pres.

Mrs. Mary Anderson of Belle Glade was elected president of Omicron Chapter of Sigma Eta Sorority of Fine Arts at the business meeting held at the home of Mrs. Howard Burdine, 221 S. E. 7th N., Belle Glade, on April 23.

Other officers elected for the coming year were: Mrs. Pearl Santee, vice-president; Mrs. Ruby Jones, recording secretary; Mrs. Edna Barrett, treasurer; and Mrs. Margie Whitlock, historian.

It was announced that the installation of officers will be held May 28 at the home of Mrs. Mabel Lutz.

Copies of the new by-laws were distributed to each member, and reports were given by the committees for the exhibits and for the National Convention to be held at Hollywood in August of this year.

Omicron Chapter is composed of members from South Bay, Belle Glade, Canal Point and Pahokee.

Mrs. Wiley Tillis, Mrs. M. P. Stanley and Henry G. McArthur visited friends in Clewiston, last Thursday.

U.S.S. Corp. Season Sets New Record

CLEWISTON — The 1962-63 sugar cane season, which ended recently, produced 1,887,735 net tons of cane ground by the Clewiston and Bryant plants of U. S. Sugar Corporation.

The company, largest producer in the continental United States, shipped approximately 398 million pounds of raw sugar for refinement, at the Savannah, Georgia, Sugar Refining Corporation. The Savannah plant refines the raw sugar and sells the finished product under the trade name of "Dixie Crystals".

In addition to its raw sugar production, U. S. Sugar also produced an estimated 9,880,000 gallons of blackstrap molasses as a by-product.

In addition to providing annual wages in the multi-millions of dollars in the Clewiston area, U. S. Sugar Corp. has provided water, power, a golf course, a youth center and community recreation facilities. The company also operates Clewiston Inn for the convenience of visitors to the area.

Cub Scouts, 623, Get Many Awards

The Cub Scouts of Pack 623 received many awards at the last Pack meeting of the season, held Tuesday night, with Cubmaster W. O. Moss in charge.

Following the opening prayer by the Cubmaster and the flag ceremony by Den III, awards were presented to Steve Miners, one gold and one silver arrow, and the Bear badge; Mark Kramer, one gold arrow; Matt Parker, one gold and one silver arrow; Bill Williams, one gold arrow; Bengi Magrill, one silver arrow; Jon Roy Collier, one gold arrow; Steve Stubblefield, one silver arrow; Ward Bradley, Wolf badge; Larry Moss, Lion badge and one silver arrow, and Jimmy Wilkinson, Lion badge.

W. D. Howard, leader of the Webelos Den, received Larry Moss and Jimmy Wilkinson into the Webelos Den, which is the highest rank achieved by the Cubs.

Billy Bae was presented a certificate of appreciation from the Pack for his years of service as den chief of the Webelos.

It's Street Light Paying Time Again

Once again this year members of the Canal Point Lions Club are busy raising necessary funds to keep street lights burning in Canal Point. Canal Point is not incorporated and the only way that street lights are available is thru the efforts of the Lions club of Canal Point.

Each street light costs in the neighborhood of \$15 annually, so, if you want to have a hand in keeping Canal Point "lit up" instead of being in complete darkness why not mail a check to the Club and assist in this very worthy cause.

Stetson Man To Fill Pahokee Pulpit

The Reverend Guthrie Colvard, Pastor of the First Baptist Church, plans to leave Pahokee on Saturday, May 4th, to attend the meetings of the Southern Baptist Convention in Kansas City, Missouri. He will be returning to Pahokee on May 11th.

On Sunday, May 5th, while Mr. Colvard is away the pulpit of First Baptist will be filled by the Reverend Lane Patrick. Mr. Patrick is Director of Alumni Affairs at Stetson University.

Woman's Club OK's Hospital Bonds

Members of the Pahokee Woman's Club at their regular meeting, April 24, 1963, gave their endorsement to a bond election to authorize the issuance of bonds for improvement of hospital facilities at Everglades Memorial Hospital by adopting the following Resolution:

"Whereas, it has been apparent for some time that the present hospital facilities of the Northwestern Palm Beach County Hospital District are inadequate, and

"Whereas, an improvement committee of interested citizens are attempting to do something to remedy this situation, and

"Whereas, in order to adequately finance such a project, a bond issue would be necessary,

"Now, therefore, we the members of the Pahokee Woman's Club do hereby resolve that a bond election to authorize the issuance of Northwestern Palm Beach County Hospital District bonds to finance the erection of new hospital facilities be held in May, 1963, and all freeholders qualified to participate in said bond election be urged to exercise their right to vote.

Cancer Fund Drive Comes To An End

The local Cancer Fund Drive, under the direction of general chairman, F. S. (Dick) Parrish, was completed this week. As all contributions have not been tabulated, the total collected will be announced next week. Mrs. G. H. Tucker was the chairman, in charge of collections in Canal Point.

Members of the Pahokee Rotary Club who canvassed the business establishments were C. E. Williams, Wiley Tillis, C. A. Batchelor and Robert Fisher.

The chairman wish to thank all workers who helped in any way to make the drive a success, in case some names have been inadvertently omitted.

CHOIR ENTERTAINED

Mr. and Mrs. Joe T. Boynton entertained at their home on East Main Street, Sunday, for members of the Vesper Choir of the Pahokee First Methodist Church, following the evening worship service.

May 28 Is Election Hospital Bonds

Election day has been set on May 28 for voting on the hospital bonds to build a new hospital in Pahokee. Sample ballots are available and those interested will find the following wording on the ballots:

Shall the Northwestern Palm Beach County Public Hospital District issue bonds in the aggregate principal amount of not exceeding \$800,000 for the purpose of financing the cost of the construction and acquisition of a new hospital building in said District and of additions, extensions and improvements to the existing hospital in said District, and other purposes necessary, appurtenant or incidental thereto, said bonds bearing interest, payable semi-annually, at such rate or rates, not exceeding the legal rate, as shall be determined at the time of the sale thereof; and maturing serially in annual installments over a period not to exceed Thirty (30) years from the date of said bonds, the principal of and interest on said bonds to be payable from a special ad valorem tax of not exceeding ten (10) mills on the dollar per annum on all taxable property in said District, all as more specifically described and provided in the resolution of the Board of County Commissioners of Palm Beach County, Florida, adopted on the 22nd day of April, 1963?

Another discovery in chemical research looks like bad news for the livestock industry. Cattle, especially, could bear the brunt of the new development.

I refer to a new synthetic product—one that “breathes” like natural leather—which might have an unfavorable effect on the leather industry equal to, or maybe greater than, the impact that synthetic fibers have had on the textile industries.

American shoe manufacturers are reported eagerly investigating the new product developed by the huge Du Pont company (after 13 years of research) and a smaller firm in New Jersey. Both have a plastic material with thousands of microscopic holes which can replace leather for the “uppers” in shoes.

There was a time when heavy-weight leather monopolized the market for shoe soles. But synthetics cut into that business heavily some years ago. Up to now, however, no satisfactory synthetic product could be found to replace leather in the upper part of a shoe. The synthetics were too warm and uncomfortable.

Now things don't look too bright for the 700-million-dollars-a-year leather industry which has been selling about 85 per cent of its annual volume to manufacturers for uppers in shoes. Time magazine quotes manufacturers as ready to go in a big way with the new product—if the public acceptance proves to be good.

Advocates of a future market for frozen orange concentrate as a stabilizing influence on prices throughout a normal year of heavy production will be interested in developments in the potato industry.

Congress has been studying a bill to ban trading in potato futures. Washington reports indicate chances are good such legislation will be adopted. It has the support of some important growing interests and practically all farm organizations.

Only Maine potatoes are traded on the futures market, but growers insist that such speculative transactions influence prices in all important potato areas.

An English dairy scientist has developed an “infra-red milk analyzer” designed to analyze milk samples automatically by use of infra-red light. It has been patented by the National Research Development Corporation of England and is being tested there by the National Institute of Research and Dairying.

Within a minute, according to a report that came to my attention, the device will determine the per cent of fat, protein, lactose and

solids-not-fat. At present those determinations require tedious chemical tests.

It is expected the new device, when it is perfected, will not be available before October this year.

A new theory about mastitis in dairy cows is mentioned in a recent issue of the National Future Farmer magazine.

Researchers in Ohio suggest forage may be a cause of this disease which has been estimated to cost U. S. dairy farmers about 435 million dollars a year. Their tests showed big differences in the amount of mastitis in herds fed on different types of forage, and that forages may be more highly charged in certain seasons with a resulting rise in the incidence of mastitis.

However, the report noted that, although it is suspected hormones found in forage may be the key, the researchers haven't yet found any formula that will avoid mastitis.

Florida commercial flower growers will be interested in plans recently announced for the most modern wholesale florist center in the nation which may be built at Boston.

The new center would replace present facilities which are reported to be bursting at the seams from a volume of some 8 million dollars annually in florists products and supplies.

Designed by the U. S. Department of Agriculture's Agricultural Marketing Service, the center would greatly improve the trading facilities for 250 growers who transact most of their business in the Exchange, 15 independent firms, some 350 local florists, and salesmen and dealers along the entire Eastern Seaboard and as far west as the Mississippi river.

Alice Johnson Has Birthday Party

Dr. and Mrs. E. C. Johnson entertained Monday evening at the Pahokee City Park with a supper and swimming party for their daughter, Alice, who was observing the thirteenth anniversary of her birthday. Guests attending were the junior high class mates of the honoree.

Last Rites Held For Mrs. Greynolds

Funeral services for Mrs. Daisy A. Greynolds, 87, 404 S. Military Trail, West Palm Beach, who died April 25, at her home after an extended illness, were held Saturday at Southdale Chapel with Rev. Donald L. Chappell, assistant pastor of Holy Trinity Episcopal Church, officiating. Burial was in Woodlawn Cemetery.

Mrs. Greynolds, the mother of Mrs. L. G. Alderman, Pahokee, was a native of Garrison, North Dakota and had been a resident of West Palm Beach since 1911.

Survivors include her husband, A. O. Greynolds, West Palm Beach; three daughters in addition to Mrs. Alderman, Mrs. John H. Quincey, and Mrs. David E. Miller, West Palm Beach, and Miss Frances Greynolds, Bay Pines; two sisters, Mrs. J. W. Glass, West Palm Beach, and Mrs. Minnie Morris, Ryder, N. D.; five grandchildren; 10 great grandchildren and one great, great grandson.

Palbearers were Joseph H. Cole, John D. Freeman, Michael M. Fischer, Thomas W. Barnes, James R. Gallagher and A. A. Weybrecht.

Gordon Chase, son of Mr. and Mrs. Curtis Chase, Pahokee, will receive a BS degree in metallurgical engineering from the University of Florida at the commencement exercises, Saturday.

Mr. and Mrs. Ray Eugene Ulmer, Jr. (Mary Suzanne Chastain) of Clearwater, announce the arrival of an 8 lb., 1 oz., son, Ray Eugene Ulmer III, on Saturday, April 27. Judge and Mrs. Ray E. Ulmer of Clearwater are the paternal grandparents, and Mr. and Mrs. Oscar H. Chastain of Thomasville, Ga. are the maternal grandparents. Mr. and Mrs. J. H. Bordeaux of Canal Point, the great grandparents, spent Sunday in Clearwater visiting the Ulmer family.

Mr. and Mrs. Richard L. Atkins of Fort Worth, Texas, announce the birth of an 8 lb., 11 oz., daughter, Christi Gaye, on Sunday, April 28. The Atkins have three sons and Christi is their first daughter. Paternal grandparents are Mr. and Mrs. J. S. Atkins of Pelican Lake, and Mr. and Mrs. W. D. Gunter of Orlando are the maternal grandparents.

Lt. and Mrs. S. A. (Annette McIntosh) Stubbs, of Ophelim, Montana, announce the birth, at the base hospital, of identical twin daughters, Natalie Kay, who weighed 4½ lbs., and Melaine Kim who weighed 3½ lbs. Mrs. H. M. McIntosh of Pahokee is the maternal grandmother, and Miss

Julia Mathis is the great aunt of the twins. The paternal grandparents are Mr. and Mrs. S. A. Stubbs, Sr., of Bradenton.

Patsy Batchelor To Wed Bobby Mackey

Mr. and Mrs. Chester Arthur Batchelor, 454 Bacom Point Road, Pahokee, announce the engagement of their daughter, Patricia Sonja, to Robert Gale Mackey, son of Mr. and Mrs. Robert Ben Mackey, also of Pahokee.

The bride-elect is a graduate of Pahokee High School, and is City Clerk for the City of Pahokee.

The bridegroom-elect is a graduate of Pahokee High School, and attended the University of Florida. He is presently associated with the Zarrella Farms at Stuart as produce salesman.

Plans for a June wedding will be announced later.

JOINS THE MARINES

Francis E. (Skeets) Boe, a senior at Pahokee High School, has enlisted in the Marine Corps 120-day delay program, according to Gunnery Sgt. Pete Walker, Marine Corps recruiter of West Palm Beach. Francis, the son of Mr. and Mrs. Olaf Boe, 2016 E. Main St., Pahokee, has enlisted for four years and will report at Parris Island on July 8, for recruit training.

Frank Tillis is confined to his home this week with the mumps.

a Sugarplum for the Glades!

Ask anyone. They'll tell you that the Glades region has the blackest, richest, most fertile farm land you'll find anywhere. During the winter season, Glades farms yield 25,000-30,000 carloads of fresh vegetables—enough to grace tables all over America. And now, the sugar cane industry is bringing new prosperity to the finest farm region in Florida!

Here are the sweet statistics:

- 150,000 acres now planted in sugar cane
- Two new sugar mills completed
- Four additional mills under construction
- Total investment — \$120,000,000
- Estimated future need for 12,000 employees, with annual payroll in excess of \$18,000,000

*"Today we need a nation of Minute Men
citizens who regard the preservation of freedom
as a basic purpose of their daily life"*

—JOHN FITZGERALD KENNEDY

10 days after his inauguration
as the 35th President of the
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unremitting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

Forest Hill Tops In Conference

Athletes of Forest Hill High School of West Palm Beach, won three league titles and barely missed a fourth as conference competition for this school year virtually ended last week end.

Only a half a dozen baseball games remain unplayed, and it appears likely that all won't get played with the pennant assured and spring football drills probably starting next week at all or at least most of the 11 member schools. Only diamond matches announced for this week have Sea Crest at Pahokee Monday and Riviera at Stuart Thursday. A league rule requires all scheduled conference matches to be played, so the other four ball games may be upcoming this month. Four teams only have completed their schedules.

In the '57-58 year Pompano won five Suncoast titles and shared a sixth. The next year the Tornados won six more, missing out only in track both years. Forest Hill this year has won six of 10 possible, missing only football last fall, boys swimming and girls golf and tennis this spring.

The Falcon baseball outfit clubbed Pahokee 9-0 Tuesday and Vero 8-0 Saturday to complete that regular season undefeated and scored upon only once in its 10 conference games. Belle Glade lost a 2-2 game three weeks ago, and the Falcons' stoutest of their other nine opponents, most of them by one-sided margins.

Friday night the favored defending champion Forest Hill track and field team won the 13th Suncoast meet at West Palm Beach by 11 points over runnerup Lake Worth as nine league marks fell. Palm Beach was a distant third as all 11 schools completed.

At the same time the Falcon girls and Lake Worth boys won their halves of the conference swimming meet at Sparks Pool in Lake Worth. Falcon boys were runnerup by only 6 points and Trojan girls were second by a slim 4½ points as seven schools competed. Over all 13 conference marks were set during the night's splashing.

Turnpike Lowers Travel Expense

ORLANDO—The Florida Turnpike Authority recently cut its daily traveling expense limit to \$11, as is allowed all other state employees.

In its first meeting under new chairman John R. Phillips, who also serves as chairman of the State Road Board, the Turnpike Authority board removed itself from the unlimited expense class.

Phillips replaced John Hammer of Tampa who had been under criticism because of high expense account spending by turnpike personnel.

Phillips said that no other major economies would be put into effect at this time other than waiving the \$12,000 a year salary normally paid to the Turnpike Authority chairman. He will continue to draw his \$15,000 a year salary as State Road Board chairman.

Mrs. Arch Blakey plans to leave Saturday for Arapaho, Okla. to visit her mother, Mrs. Nellie Naylor, who is ill in the hospital there.

Mrs. E. A. Jensen returned Saturday from a visit with Mrs. Pat Bosworth in Delray Beach.

Giant Fish Bowl To Lure Tourists

HOMOSASSA SPRINGS—Florida will soon have another major tourist attraction on U. S. Highway 19 on the state's west coast. Plans calling for the complete redevelopment and tremendous expansion of Nature's Giant Fish Bowl at Old Homosassa have been announced.

The attraction and additional acreage are purchased by Norris Cattle Co. The company immediately announced that W. B. Ray has been named general manager of the attraction, and will coordinate all plans for the future.

Ray, for 11 years public relations director of Silver Springs, is a former president of the Florida Attractions Association and organizer of the former Florida Tourism Steering Committee which cooperated with the Florida Development Commission in promoting the state's tourist industry.

In all, the attraction will encompass about 120 acres. A large underwater room for observation of the thousands of fish within the natural fish bowl, with an elevated observation deck over the underwater facility, will be built.

Additional plans call for construction of tanks to hold unusual fresh water fish and mammals, a boat ride in Seminole, a war canoe-type craft, and construction of gift shops, restaurant, boat docks, a parking lot and other facilities for tourists.

TO RECEIVE DEGREE

Miss Linda Sellers accompanied by her parents, Mr. and Mrs. T. L. Sellers, will leave Friday for Gainesville, where she will receive a Bachelor of Arts degree in Education from the University of Florida at the graduation exercises, Saturday afternoon. Miss Sellers and her parents will also attend the reception at the home of the president, Dr. and Mrs. J. Wayne Reitz Saturday morning.

Robert Boe who has been visiting Fred Stanton, his roommate at the University of Florida, at Monmouth, Ill. and relatives at Bantam, Ill., is expected to arrive this weekend to join his mother, Mrs. Hugo Boe and his brother, Billy, at their home in Pahokee.

Mrs. D. W. Cunningham attended the American Childhood Education International Study Conference which was held at the Deauville Hotel at Miami Beach, last week.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

The Wildlife Club is sponsored by Pahokee Lodge No. 1638, BPOE-W. A. (Pop) Reynolds is the adult counselor and leader.

GI Insurance Is Valuable Possession

The most serious problem facing veterans who hold GI insurance is to keep their beneficiary listing up to date.

A recent survey disclosed that 49 percent of GI policyholders had some form of error in their beneficiary listing and in one-third of the cases the major beneficiary designation had to be changed, L. V. McClelland, Local, Veterans Service Officer, reported.

In far too many cases, McClelland pointed out, any similarity between the person or persons the veteran wanted to get his insurance benefits and those who actually would get it was strictly coincidental.

The VA is compelled by law to pay only the beneficiary of record when it settles a life insurance claim, McClelland said.

Tim Mullis of Cocoa was the weekend guest of his parents, Mr. and Mrs. L. W. Mullis in Pahokee.

Banquet Enjoyed By Church Group

The recreation room of the Canal Point Baptist Church literally went into orbit Tuesday Evening April 30, 1963. The theme of the Youth Banquet was "My Place in Space" carried out in full detail. An Airline Depot was complete, the entrance complete with the travel log and Blast off Schedule.

Through the entrance gate the guests passed into outer space complete with satellites, space men and an eight foot live, scale model, rocket. Serving at the banquet were stewardesses from the Interplanetary Space Lines, Inc.

The group enjoyed song of the stars and heard V. L. Bassett, Minister of Music and Youth at First Baptist Church, Belle Glade speak concerning their "Place in Space Today." The banquet is an annual affair in connection with the Youth Week Observance.

Night Depository—

down the chute as the door is closed.

Each type of deposit is forcibly ejected downward through separate metal chutes into a burglary-resistant money safe located inside the bank where the deposits remain until removed by two of the bank's executive personnel.

"This round the clock deposit service will be a boon to businessmen of the Glades area because they will no longer be compelled to keep on the premises the funds which accumulate after banking hours," said Mr. Mock, bank president, who expressed himself in highly enthusiastic terms at being able to offer customers this added measure of modern protective service.

Cub Scouts, 623,—

were given to Ward Bradley, Juan And Jose Antuna, Robert Maxwell, Mark Wetherington, Milton Douglas Jr., James Lee Shirley, Bill Williams, Mark Parker, Lin Gillis, Phillip White, Ernest Johnson, Jon Roy Collier, John Stewart, Bengi Magrill, and Steve Miners.

Cubs receiving two-year service stars were Jimmy Stewart, Matt Kramer, Larry Moss, Jimmy Wilkinson, Steve Hawk, Greg Brower, Gene Aldridge, Paul Cook and Edgie Scroggin.

Three-year service stars were awarded to Billy Willis, Donald Casto, Fat Connell and Woody Salvatore.

Phillip White, Den II, was the winner in the Pinewood derby race. Others racing as representatives of their Dens were Greg Brower, Den I; Steve Stubblefield, Den II, and James Lee Shirley, Den IV. Each Cub was presented with a miniature racing car, with their Den number on it. The winner, Phillip White, received a plaque.

The Webelos winner in the space ship race was Ronald Casto.

Den II and III tied for the honor plaque, Den III won the attendance flag and Den II the conduct banner.
